

AHRMA Legacy Society

Program Overview

In an effort to encourage long-term participation and fiscal health of the organization, the American Historic Racing Motorcycle Assn. (AHRMA) Board of Trustees has developed a Legacy Society to promote, recognize and steward estate gifts.

Membership in the AHRMA Legacy Society will be reserved for individuals and couples who have included a gift to AHRMA in their final estate plans. By making a commitment and joining the Legacy Society, the donor is entitled to special benefits, such as wearable recognition, invitations to special events, publication in *Vintage Views* and on the AHRMA website, and more. Donations may also remain anonymous.

To join, donors name AHRMA in an estate plan (will, trust, insurance policy, retirement plan designation, etc.) and complete the membership application below.

All contributions received will be held in a segregated account and preserved. Each year, a portion of the earnings and appreciation will be used to support, preserve and promote historic motorcycle racing, in accordance with AHRMA's Mission Statement, in perpetuity. All assets will be invested according to Trustee-set policy.

In addition to cash gifts, AHRMA has established a policy that defines other types of gifts that can be accepted; the policy is available online at www.ahrma.org.

If you have included AHRMA in your estate plan, or would like more information about how to do so, please contact us at: AHRMA Legacy Society, P.O. Box 6450, Evanston, IL 60204, or by email at AHRMALegacySociety@yahoo.com. Thank you!

I'm interested! Please send me more information about how to include AHRMA in my will or other estate planning. I understand that all communication in this regard will be confidential and without obligation.
