

To the Management of
American Historic Racing Motorcycle Association

We have performed the procedures enumerated below, which were agreed to by the American Historic Racing Motorcycle Association (AHRMA), solely to assist you in evaluating the accompanying results of the ballot count for AHRMA as of January 8, 2016. AHRMA is responsible for the organizing and initiating the ballot process with the members and providing Allred Jackson, P.C. the correct criteria for counting the ballots. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures are as follows:

We were responsible for receiving, protecting, verifying membership, counting timely legitimate ballots, and determining proper east/west candidate votes. AHRMA was responsible for sending out ballots, handling postage arrangements and costs, providing us with a list of AHRMA members, and providing the accountant with any other information requested with respect to the election ballot count.
