

2017 Transponder Rental Form

AHRMA National Historic Cup Roadrace events utilize MYLAPS transponders for timing and scoring. We have selected MYLAPS based on several considerations, which include performance experienced by other racing organizations and integration with our SeriesTracker online registration and event-scoring software.

The MYLAPS transponders compatible with our scoring system are: *Bike Classic*, *Bike Flex* and *Bike Direct Power*. Any one of these models is to be mounted vertically (pin pointing upward) on either fork leg, no more than 42 inches off the ground.

Pricing and additional rental responsibilities:

- Rental fee is \$30 per day at all roadrace events; reservations must be made in advance.
- Transponders may be picked up at registration, and must be returned at the end of the event to avoid extra charges.
- **Note:** Reserved transponders that are not picked up are subject to the full rental charge for the event.
- Transponders not returned are subject to replacement charges, which may exceed \$400.

Rent-to-own transponder rental program - Anyone who spends \$400 in rental fees over a two-year period (renter is responsible for providing proof) will be eligible to purchase a new-in-the-box transponder for an additional \$150.
