

AHRMA Sprint Enduro Guidelines.

Track

Length of course-----6+ miles or 25 minutes (based off a PV Expert rider). Intent is for lap length of 30 minutes.

There will be a Start Check and an End Check. Observation checks may be used if needed.

No sighting lap.

Scoring

Scoring is based on the best lap time of the laps ridden.

The minimum number of laps to be eligible for scoring.

Expert---3 laps.

Intermediate---3 laps.

Novice---2 laps.

Women---2 laps.

+70---2 laps.

If a rider runs less than the minimum laps they will be classified after the riders that complete the minimum laps.

Event timing

Suggested window of 4 hours to complete the minimum number of laps.

Minimum laps and time window may be adjusted for track conditions on the event day.

Start control to be closed 3 ½ hours after keytime.

Start procedure

Start times will be posted for the first lap only.

4 riders per start row for the first lap, starting 1 minute apart, with ROW 1 leaving 1 minute after keytime. (i.e 10.01 for a 10.00 keytime)

It is recommended Experts start on the first minutes followed by the Intermediates, and Novices.

For the 2nd and 3rd laps, the riders can leave after checking in with the Start Check at any time up to 3 ½ hours from keytime.

Riders may ride extra laps (more than the minimum) providing they start the lap within the time window.

If a bike change is needed, the replacement bike must be eligible for the class entered.
