

# **PLEASE HELP SUPPORT THE ROADRACING WORLD ACTION FUND**

*A non profit 501(c)(3)*

*The Roadracing World Action Fund (RWF) was started in 2001 by John Ulrich and continues to protect riders from fixed barriers across the USA through the hard work and determination of many people getting it moved and in place. AHRMA has benefited from the use of RWF Airfence and Alpina soft barriers over the years and it's time for members to pitch in to help keep the system going and ensure access where and when we need it. **If you find yourself sliding across the grass toward an unpadded wall it's too late to think about it so please donate now in the interest of safety for all.***
